Red Day & Apple Day

7 July 2023

The 'Red Day' celebration was a wonderful learning activity for students which helped them to sort and classify objects based on colours there by reinforcing cognitive skills.

"Apples are crunchy fruits that provide humans with a lot of nutrients."

Blue Day

26 July 2023

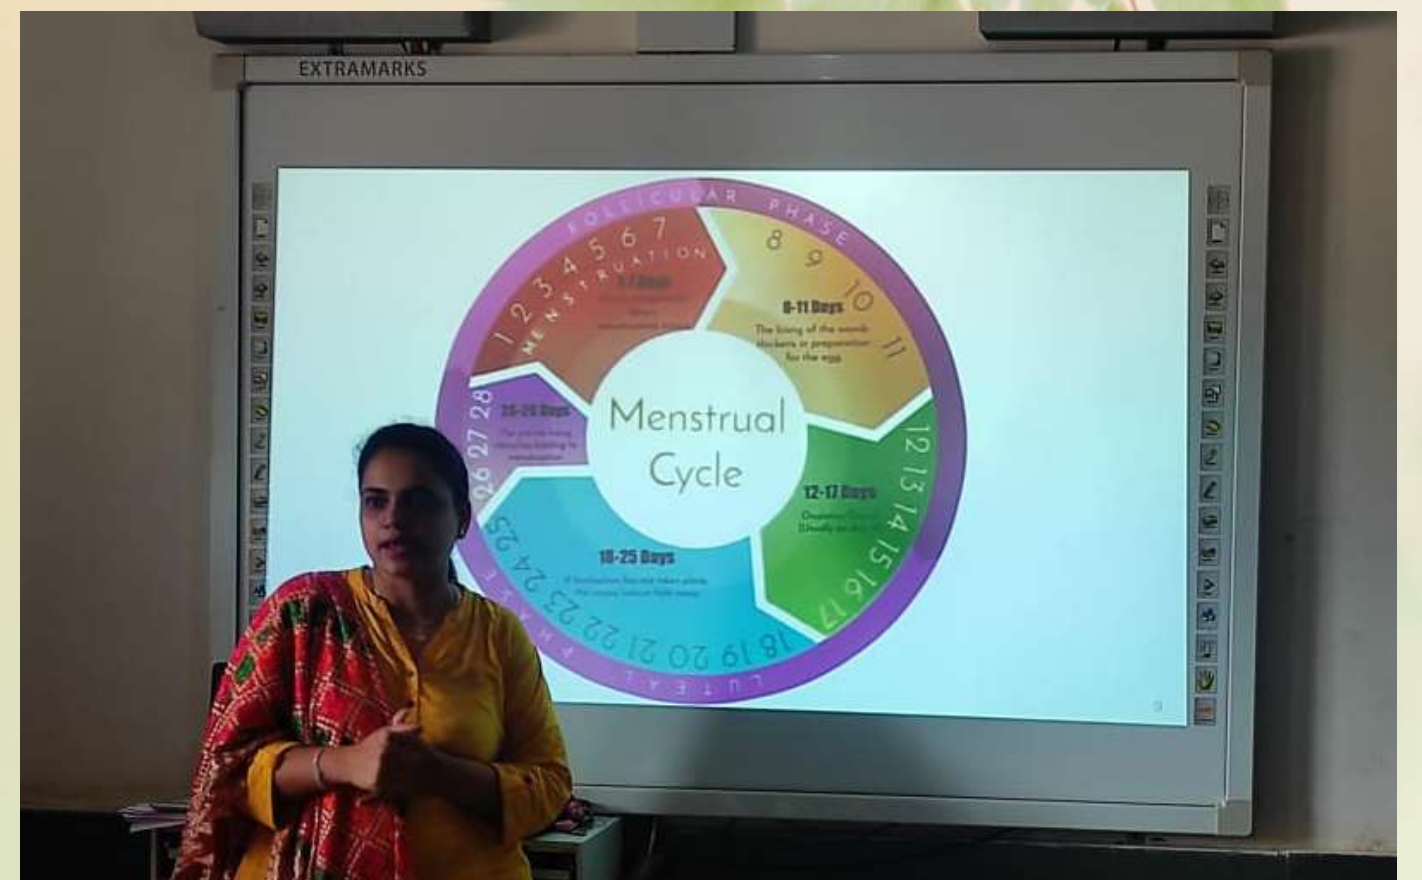

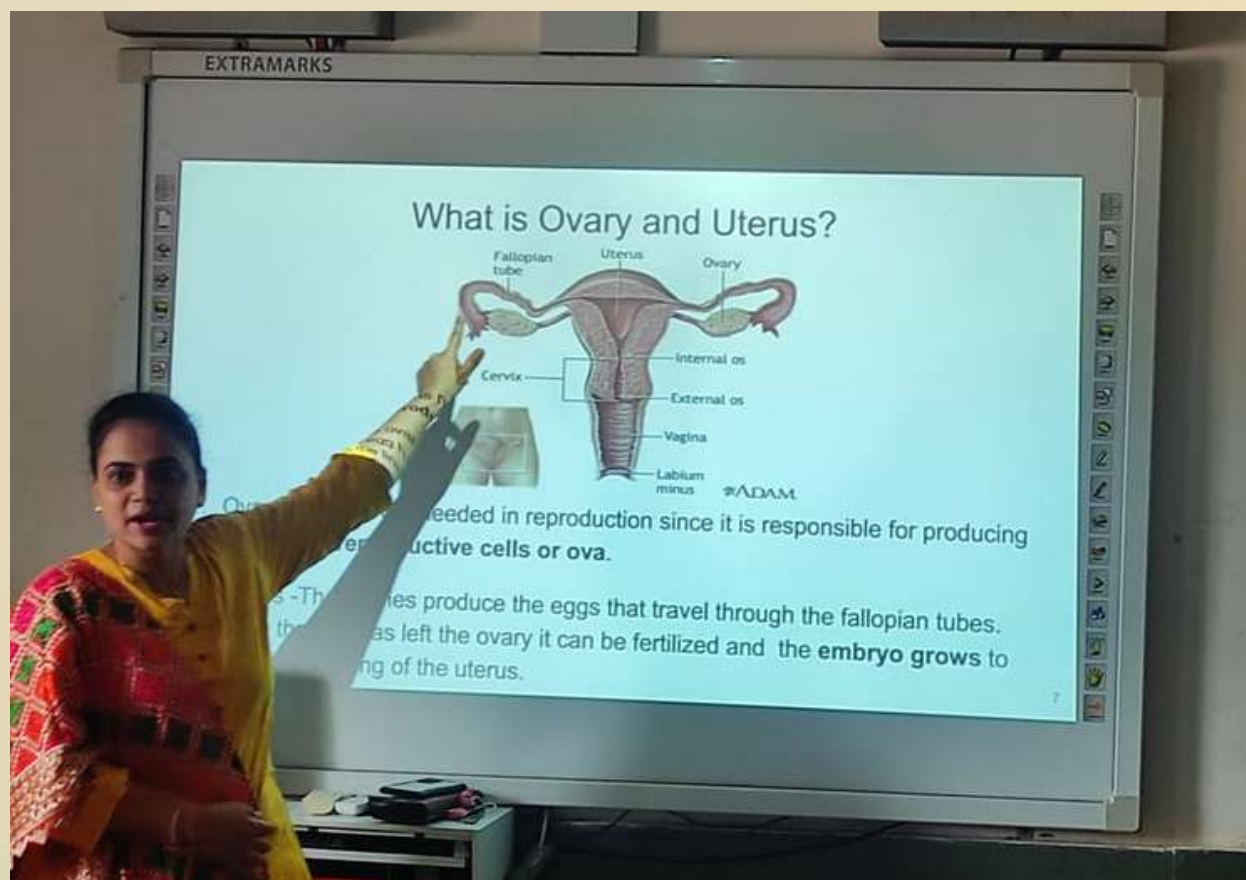

The objective to celebrate Blue Day is to introduce "blue" colour to young children and help them recognize and identify it. Using a themed day allows teachers to focus on one colour at a time, making it easier for children to grasp the concept. On "Blue Day," teachers used various blue colour objects, toys, or pictures to introduce new words related to the colour blue, such as "sky," "ocean," "blueberries," etc. This helps expand the children's vocabulary and language skills.
