MESSAGE FROM THE TRUSTEE

Dr. Gayatri Prakash

Dear Parents,

Education is the most potent life skill that you can gift to your child. Avalon World School has been established to do exactly that in partnership with you to ensure that your child gets the best that he/she deserves.

Our conviction to deliver what we promise emanates from our antecedents. The Sanskriti Group of Institutions, which is the promoter of Avalon World School, has a very rich and successful legacy. We are already running four schools in Vadodara, Harni, Bharuch and Anand catering to the educational needs of over 7500 students. These schools are Delhi Public Schools Vadodara, Harni, Bharuch and Anand under the aegis of DPS Society.

To ensure that the standards of excellence we have achieved in our previous ventures is replicated at Avalon World School, we will deploy the best of the resources possible.

For the Pre-Primary section, special care is exercised to ensure that the tender-aged children feel at home under the care of loving and nurturing teachers.

We are sure that Avalon World School will begin a new era of educational excellence and we warmly invite you to join this revolution.

With best wishes,

Dr. Gayatri Prakash
(Trustee)

also stimulated to spread their wings
and fly on their own...**

A HOLISTIC SPACE

FOR JOYFUL EXPERIENCES

For the current academic session, Avalon World School will offer admissions in Pre-Nursery, Nursery, Preparatory and Classes I to XII.

Innovative learning tools used by mentors with vast teaching and day care experience encourage our young children to explore the world around them. For the toddlers, the school has separate play pens, a relaxation area with activities and exercises devoted towards developing their gross and fine motor skills. Recitation and rhyme-time ensure good verbal and communication skills.

MISSION

SHAPING THE FUTURE

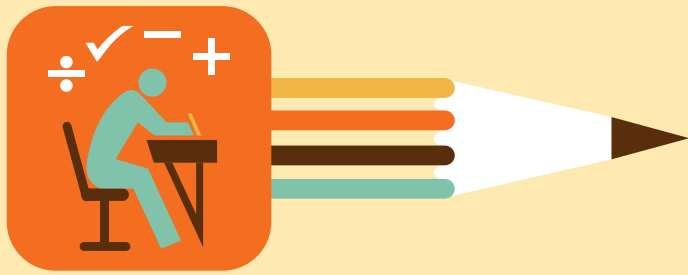

Children need space to spread their wings. The designers and planners of Avalon World School kept that in mind while shaping up the school's abode.

The school campus is given a lot of thought in the planning stage as it is a space where children spend major portion of their student life. This is important as a child lives through different phases as a student in this second home. The school will be a matrix that synergizes seamlessly to help the students ascend through these phases effortlessly.

Large, airy classrooms equipped with multi-media tools, varied activity zones, ample areas for sports and an Administrative Services block - function as a dynamic and connected whole, linked by wide corridors and courtyards. Every day the child can look forward to the well-equipped Resource Centre with its well stocked library, audio-visual room, multi-media centre and laboratories for computers, mathematics, sciences, languages and natural world.

At Avalon World School, each child discovers his/her inner talent and is given all opportunities possible to manifest it...

EDUCATION AND THE CONNECT

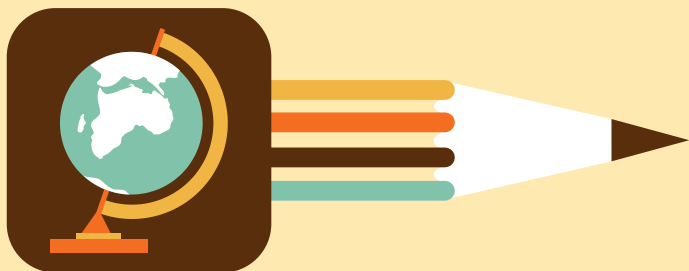

Avalon World School is affiliated to the CBSE like its predecessors DPS Vadodara, Harni and Bharuch. As our students grow older, their academic, physical and cultural spheres will also become wider.

Children get exposed to a multitude of sporting and cultural pursuits including dramatics, performing arts, classical dance forms, music and other literary events. The campus offers swimming, athletics, football, cricket, tennis and other outdoor sports. Indoor facilities include table tennis, badminton, chess, carrom etc.

Audio - Visual learning aided by Smart Boards helps hone curiosity that in turn develops scientific temperament and expression - essentials of learning.

Separate laboratories for science are available for students of the secondary level. A separate computer lab equipped with latest computers and servers forms the backbone of IT education.
